The Fighting Stock of Tuscarawas County.

We publish the list of men enrolled in Tuscarawas County under the draft law, and from among whom the three handred and thirty-four are to be drafted after the 5th of January. It is a formidable array, and if the rebelious leaders South could be made to understand that each county of Ohio can furnish as many (on an average) as this, and each State as many as Ohio, in proportion to population, to fight for the Union as it was, these rebellious men would either lay down their arms and come back into the Union, or seek a home in some other land than that under the stripes and stars.

And it would be well if the rolers at Washington could be made to understand likewise, that they must no longer triffe with the resources of the country and the lives of the people, to prolong follows: their own tenure of office.

The fighting reserves now enrolled, regard the plan emanating from Washington, to abelish State lines and strike ten States from the Union, as equally infamons with the effort of the Southern leaders at Richmond. There is a deep seated conviction in the public mind that this Union has enemies in the one Capitol as well as the other, and it be poves our rulers to no longer play with the liberties of the people, for pelf and gain. The Union must be preserved, as

Although not disposed to favor or recom-mend Patent Medicines in general, through dis trust of their ingredients and effects: I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the

in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Robert Shoemaker, Eq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of bodily find mental vigor which I had not felt for six mouths before, and had almost despaired of regaingbefore, and had almost despaired of regaing-ing. I therefore thank God and my friend for

irecting me to use of them.

J. NEWTON BROWN.

Philada's, June 23, 1861. PARTICULAR NOTICE. There are many preparations sold under the name of Bitters, put up in quart bottles, compounded of the cheapest whiskey or common rum, costing from 20 to 40 cents per gallon, the taste disguized by Aulse or Coriander Seed. This class of Bitters has caused and will

continue to cause, as long as they can be sold, hundreds to die the death of the deahsard. By their use the system is kept continually under the influence of Alcoholic Stimulants of the worst kind, the desire for Liquor is created and kept up, and the result is all the horr attendant upon a drunkard's life and death. For those who desire and will have a Liqu Bitters, we publish the following receipt: Get one Bottle of Hondand's German Bitt nd mix with three quarts of good brandy or whiskey, and the result will be a preparation that will far excel in medicinal virtues and Bitters in the market, and will cost much less, You will have all the virtues of Hofland's

Bitters in connection with a good article of Liquor, at a much less price than these inferior preparations will cost you. ATTENTION SOLDIERS, AND THE

FRIENDS OF SOLDIERS! We call the attention of all he ing rel or friends in the army to the fat that "H land's German Bitters" will opra nine te of the diseases induced by exposures and pri of ine diseases induced by exposures and privations incident to camp life. We have no besitation in stating that, if these bitters were freely used among our soldiers, hundreds of lives might be saved that otherwise will be

lost.
We call particular attention to the following remarkable and well authenticated care of one of the nation's heroes, whose life, to use his own language, "has been saved by the

PHILADELPHIA, August 23d, 1862. Mosers. Jones & Evans.—Well, gentlemer your Hoofiand's German Bitters has saved us life. There is no mistake in this. It is vonch ed for by numbers of my comrades, some of whose names are appended, and who were ful-ly cognizant of all the circumstances of my case. I am, and have been for the last four years, a member of Sherman's celebrated hattery, and under the immediate command of Captain R. B. Ayres. This was followed by great debility, heightened by an attack of dynestery. I was then removed from the White House, and sun to this city on board the steamer "State of Maine," from which I landed on the 28th of June. Since that time I lave been about as
